Key insight: Pune isn't down — 2 of 5 stores are. Revenue fell only 5% but visits & units dropped ~12% — a price hike is masking a real footfall crash.

Hinjewadi –51% (WFH emptied the IT park) · FC Road –13% (likely new competitor) · 3 stores grew +11–14%.

► Recommend: (1) Hinjewadi — push delivery/app pickup to reach WFH customers. (2) FC Road — loyalty combos to win back footfall. (3) Pause price hikes at struggling stores until visits recover.
